## FLANKING MOVEMENT

LONG ANTICIPATED LAND OPER-  
ATION OF THE JAPS PROB-  
ABLY UNDER WAY.

HELPLESS JUST AT PRESENT

BUT RUSSIANS ARE GRIMLY WAIT-  
ING FOR CHANCE TO STRIKE  
AT THEIR ENEMY.

St. Petersburg, April 21.—What  
may turn out to be the anticipated  
flanking movement of the Japanese  
troops is the appearance of a number  
of Japanese ships off Potlisa, near the  
gulf of Chingtaise, as reported to the  
emperor by General Kuropatkin. Military  
experts here have long regarded  
that vicinity as the probable point  
of disembarkation of the second Japa-  
nese expedition. It is not far away  
from Takushan, twelve miles to the  
east, and connects by road with Port  
Arthur, 150 miles to the southwest,  
and Fenghuancheng, 50 miles to the  
northwest, where the Russians will  
make their first obstinate resistance.

Though the Japanese are building  
entrenchments on the Yalu, it is be-  
lieved that they will advance soon.  
The arrangements for a turning move-  
ment are complete and experts say  
that such a movement could properly  
begin at Takushan, as Fenghuancheng  
lies at an angle of an equilateral tri-  
angle with Takushan and the mouth  
of the Yalu at the angles at the base  
of the triangle.

The Japanese disembarkation will  
undoubtedly be covered by a warship  
and Russians recognize that it will be  
impossible to prevent it.

"We will strike after they have  
landed," grimly said a member of the  
general staff.

General Kuropatkin is aware of the  
strategic importance of the vicinity of  
Takushan, and it is understood that  
he has made his arrangements accord-  
ingly.

The general staff has issued the fol-  
lowing statement:

"According to official reports all has  
been quiet at Port Arthur and Yin-  
kow during the past few days. There  
is no further change in the general  
situation to report."

JAPANESE TROOPS INCREASING.

Forces on the Yalu Being Constantly  
Augmented.

St. Petersburg, April 21.—General  
Kuropatkin has sent a telegram to the  
emperor transmitting the report of  
General Kashtalinsky on April 19, as  
follows:

"All is quiet on the Yalu. The Japa-  
nese are throwing up entrenchments  
opposite Golitsy and further to the  
north.

"The numbers of Japanese troops are  
increasing. They are concentrat-  
ing at Wiju and spreading toward the  
north along the Yalu.

"Cossack sentinels have observed  
the lights of Japanese transports near  
Chingtaise, opposite the village of  
Petansa, twenty-five versts west of  
Tatungkau. The vessels were an-  
chored at a distance of fifty yards  
from the shore.

"According to dispatches from Gen-  
eral Mischenko, Japanese ships were  
also seen near Souchow."

PRESSURE ON SULTAN

RUSSIA THUS SEEKS TO GET HER

BLACK SEA FLEET THROUGH  
THE DARDANELLES.

London, April 21.—Russia, says the  
Constantinople correspondent of the  
Daily Mail, is putting pressure in the  
shape of financial demands in connection  
with the war indemnities upon the  
porte. This action is supposed to be  
a prelude to a demand for permission  
for the Black sea fleet to pass through  
the Dardanelles.

FIGHTING PROBABLY BEGUN.

Land and Naval Operations Believed  
to Be in Progress.

Chefoo, April 21.—Fighting probably  
has begun in Southern Manchuria,  
either at the Liaoyang river or in the  
valley of Tayang, twenty miles west.

On Monday afternoon seven Japa-  
nese cruisers, with two torpedo boats,  
were escorting a fleet of transports  
northwest, evidently bound for Taku-  
shan bay, at the mouth of the Tayang  
river, or for Chingtaise, which has a  
big bay at the source of the Liaoyang.

Evidently serious events are trans-  
piring on the Liaoyang peninsula. A  
fresh battle is reported raging around  
Port Arthur.

BURIED BY AN AVALANCHE.

One Hundred Miners Imprisoned Near  
An Italian Village.

Turin, Italy, April 21.—About 100  
miners have been buried by an im-  
mense avalanche near the village of  
Tragelato. A violent storm is sweep-  
ing over that locality and it is feared  
that other avalanches may result.

The whole population of the village  
and a detachment of forty soldiers  
have gone to the scene of the disaster,  
hoping to save some of the buried  
miners.

HAS FAITH IN JAPAN.

Chinese Government Believes Island  
Empire Will Defeat Russia.

St. Petersburg, April 21.—The  
Birscheviya Viedomosti publishes a  
letter from its correspondent at Peking  
in which it is said the confidence of  
the Chinese government in the success  
of the Japanese is shown in the re-  
quest of Yang Shu, the Chinese min-  
ister at Tokio, that the Japanese gov-  
ernment direct the commanders of the  
troops to preserve the imperial palaces  
and tombs at Mukden from desecra-  
tion and destruction.

The writers says that the Chinese  
government is in sympathy with  
Japan, but that it has begun to express  
this sympathy more cautiously. He  
adds that the Chinese in the United  
States have sent to the Peking gov-  
ernment large sums of money to be  
used in the reorganization of the army  
and navy and that ostensibly because  
of a desire to become acquainted with  
old Mongolian weapons the Japanese  
are supplying Mongolian hunters with  
modern rifles.

WILL BUY HORSES FOR JAPAN.

English Agent to Purchase Ten Thou-  
sand on the Pacific Coast.

Seattle, Wash., April 21.—A. M.  
Deming, an English stockman from  
Cape Colony, who has been in Japan  
for some months, is here commission-  
ed to purchase 10,000 horses in the  
Pacific Northwest to be sent to Japan.  
Mr. Deming explains that army de-  
mands have drained the country of all  
available horses and that animals are  
required not only to take their places  
in peaceful avocations, but to supply  
remounts for the cavalry. Mr. Deming  
will endeavor to get all the horses  
required in Oregon and Washington  
and will locate supply depots, as was  
done when England was buying horses  
for the South African war.

OMAHA MAN INDICTED.

Accused of Receiving Stolen Goods  
Many Years Ago.

Logan, Ia., April 21.—Thomas Denni-  
son of Omaha was indicted Wednes-  
day by the Harrison county grand jury  
on charges of robbery and receiving  
stolen goods in connection with the  
robbery twelve years ago of William  
L. Pollock, of \$17,000 worth of dia-  
monds.

Pollock is a member of the whole-  
sale firm of Pollock & Son of New  
York. While on his way from Omaha  
to Sioux City he was slugged near  
Missouri Valley by a man who deman-  
ded the diamonds he carried in a sam-  
ple case. The robber snatched the  
case, jumped from the train and es-  
caped. Later Frank Shercliff was ar-  
rested and convicted of the crime, re-  
ceiving a long penitentiary sentence.  
It was on Shercliff's confession that  
he committed the crime at the will of  
Thomas Dennison, from whom he re-  
ceived \$1,000 for his work, that Denni-  
son was indicted.

Omaha, April 21.—Thomas Denni-  
son, indicted at Logan, Ia., in con-  
nection with the Pollock diamond robbery,  
has been prominent in politics for sev-  
eral years.

IN REED SMOOT CASE

BRIGHAM H. ROBERTS TESTIFIES  
REGARDING OATH TAKEN BY  
MORMON OFFICIALS.

Washington, April 21.—With the  
opening of the investigation in the  
Reed Smoot case before the  
senate committee on privileges  
and elections, the prosecution devoted  
considerable time to drawing from  
Brigham H. Roberts the character of  
the oaths which are said to be neces-  
sary for a Mormon official to take in  
order to have the support of the church  
for political office. Members of the  
committee showed an equal interest  
in the obligations that are said to be  
taken by Mormons who "go through  
the endowment house."

Along both lines much evidence was  
brought out. It was shown by Mr.  
Roberts' testimony that without the  
consent of the Mormon church he  
failed of election to a seat in congress  
and later with church recognition of  
his candidacy, he was elected. In re-  
lation to the endowment house obli-  
gation, Mr. Roberts was extremely re-  
ticent. He said that the sacredness  
of the ceremony was such that he could  
not reveal it to the world and that if  
he did so he would lose caste with  
the church as having betrayed a trust.

Portions of the testimony given by  
Mr. Roberts, especially in regard to his  
reasons for maintaining polygamous  
cohabitation with his plural wives,  
was almost a duplication of the testi-  
mony given by other polygamists who  
have been on the stand. He said he  
regarded the laws of God as higher  
than the laws of the land and that his  
moral obligation to his wives was  
greater than both the laws of God and  
man.

Edwin E. Barthell of Nashville,  
Tenn., testified in regard to literature  
of the Mormon church.

Payne May Resign.

Washington, April 21.—It is re-  
ported that Postmaster General Payne  
may soon resign from the cabinet and  
that in that event George B. Cortelyou,  
secretary of the department of com-  
merce and labor, may be transferred  
to the position of postmaster general.

Heavy Snow in Indiana.

Evansville, Ind., April 21.—The  
heaviest snowfall in thirty years has  
delayed traffic and all trains are late.  
At Rockport the fall of snow was four  
inches. The snow storm prevailed  
generally over Southern Indiana.

## INJUNCTION GRANTED

TEMPORARY RESTRAINING ORDER  
AGAINST DISTRIBUTION OF  
MERGER STOCK.

HARRIMAN STARTS NEW SUIT

BEGINS ACTION IN NEW JERSEY  
TO HAVE THE INJUNCTION  
MADE PERMANENT.

Trenton, N. J., April 21.—Suits has  
been begun in the United States cir-  
cuit court for the district of New Jer-  
sey against the Northern Securities  
company by Edward H. Harriman,  
Winslow S. Pierce, the Oregon Short  
Line Railroad company and the Equi-  
table Trust company of New York,  
trustees under the Oregon Short Line  
participating mortgages, to restrain  
the Northern Securities company from  
carrying out the plan adopted by its  
directors for the distribution of the  
stock of the Northern Pacific and  
Great Northern railway companies  
held in the treasury of the defendant  
company.

The facts in the case, as recited in  
the bill of complaint, cover substan-  
tially the same ground upon which  
was based the intervention suit in the  
United States circuit court for the dis-  
trict of Minnesota, which was decided  
on Tuesday adversely to the Harri-  
man interests.

Judge Andrew Kirkpatrick has is-  
sued a temporary order restraining the  
carrying out of the plan of distribution.  
The court has fixed next Monday,  
April 25, at 11 a. m., in Trenton, for  
the hearing of the motion to make the  
injunction permanent.

It is stated that this injunction will  
operate to prevent the proposed meet-  
ing of stockholders of the Northern  
Securities company called for today at  
Hoboken, to vote upon the Northern  
Securities directors' plan of distribu-  
tion of the treasury stock.

FOR CANAL GOVERNMENT.

House Committee Finally Disposes of  
the Question.

Washington, April 21.—The house  
committee on interstate and foreign  
commerce took up all pending bills for  
the government of the Panama canal  
zone and disposed of the question by  
striking out of the senate bill all after  
the enacting clause and inserting with  
a few slight changes the second sec-  
tion of the act of 1892, of which Thom-  
as Jefferson was the author, for the  
government of the territory acquired  
by the Louisiana Purchase.

As authorized to be reported to the  
house, the bill provides that until the  
expiration of the Fifty-eighth con-  
gress, unless other provision for the  
temporary government of the Panama  
canal zone be sooner made by con-  
gress, all military, civil and judicial  
powers of government of said zone  
shall be vested in such persons and  
be conducted in such manner as the  
president of the United States shall  
direct.

Lynching Is Feared.

Bay Minette, Ala., April 21.—Dock  
Cole, a merchant and assistant post-  
master at Little River, was murdered  
Wednesday by negroes. A posse cap-  
tured two negroes, Robert Tate and  
Rube Sims, Tate confessing. A lynching  
is feared. Sheriff Armstrong has  
gone to the scene of the crime.

consent of the Mormon church he  
failed of election to a seat in congress  
and later with church recognition of  
his candidacy, he was elected. In re-  
lation to the endowment house obliga-  
tion, Mr. Roberts was extremely reti-  
cent. He said that the sacredness of  
the ceremony was such that he could  
not reveal it to the world and that if  
he did so he would lose caste with  
the church as having betrayed a trust.

Portions of the testimony given by  
Mr. Roberts, especially in regard to his  
reasons for maintaining polygamous  
cohabitation with his plural wives,  
was almost a duplication of the testi-  
mony given by other polygamists who  
have been on the stand. He said he  
regarded the laws of God as higher  
than the laws of the land and that his  
moral obligation to his wives was  
greater than both the laws of God and  
man.

Edwin E. Barthell of Nashville,  
Tenn., testified in regard to literature  
of the Mormon church.

### Payne May Resign.

Washington, April 21.—It is re-  
ported that Postmaster General Payne  
may soon resign from the cabinet and  
that in that event George B. Cortelyou,  
secretary of the department of com-  
merce and labor, may be transferred  
to the position of postmaster general.

### Heavy Snow in Indiana.

Evansville, Ind., April 21.—The  
heaviest snowfall in thirty years has  
delayed traffic and all trains are late.  
At Rockport the fall of snow was four  
inches. The snow storm prevailed  
generally over Southern Indiana.

## INJUNCTION GRANTED

TEMPORARY RESTRAINING ORDER  
AGAINST DISTRIBUTION OF  
MERGER STOCK.

### HARRIMAN STARTS NEW SUIT

BEGINS ACTION IN NEW JERSEY  
TO HAVE THE INJUNCTION  
MADE PERMANENT.

Trenton, N. J., April 21.—Suit has  
been begun in the United States cir-  
cuit court for the district of New Jer-  
sey against the Northern Securities  
company by Edward H. Harriman,  
Winslow S. Pierce, the Oregon Short  
Line Railroad company and the Equit-  
able Trust company of New York,  
trustee under the Oregon Short Line  
participating mortgages, to restrain  
the Northern Securities company from  
carrying out the plan adopted by its  
directors for the distribution of the  
stock of the Northern Pacific and  
Great Northern railway companies  
held in the treasury of the defendant  
company.

The facts in the case, as recited in  
the bill of complaint, cover substan-  
tially the same ground upon which  
was based the intervention suit in the  
United States circuit court for the dis-  
trict of Minnesota, which was decided  
on Tuesday adversely to the Harri-  
man interests.

Judge Andrew Kirkpatrick has is-  
sued a temporary order restraining the  
carrying out of the plan of distribution.  
The court has fixed next Monday,  
April 25, at 11 a. m., in Trenton, for  
the hearing of the motion to make the  
injunction permanent.

It is stated that this injunction will  
operate to prevent the proposed meet-  
ing of stockholders of the Northern  
Securities company called for today at  
Hoboken, to vote upon the Northern  
Securities directors' plan of distribu-  
tion of the treasury stock.

### FOR CANAL GOVERNMENT.

House Committee Finally Disposes of  
the Question.

Washington, April 21.—The house  
committee on interstate and foreign  
commerce took up all pending bills for  
the government of the Panama canal  
zone and disposed of the question by  
striking out of the senate bill all after  
the enacting clause and inserting with  
a few slight changes the second sec-  
tion of the act of 1802, of which Thom-  
as Jefferson was the author, for the  
government of the territory acquired  
by the Louisiana Purchase.

As authorized to be reported to the  
house, the bill provides that until the  
expiration of the Fifty-eighth con-  
gress, unless other provision for the  
temporary government of the Panama  
canal zone be sooner made by con-  
gress, all military, civil and judicial  
powers of government of said zone  
shall be vested in such persons and  
be conducted in such manner as the  
president of the United States shall  
direct.

### Lynching Is Feared.

Cole, a merchant and assistant post-  
master at Little River, was murdered

ing is feared. Sheriff Armstrong has

Forecast—Partly cloudy tonight and Friday.

Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 46 above zero; minimum 26 above zero.

The defeat of the Anoka Union editor for delegate to the Chicago convention has become a nightmare to him and will not down. A man who can't take defeat gracefully would hardly be a fit man for the place anyhow.

The Minneapolis Journal had a half dozen men to run against Congressman Buckman a few days ago but has finally decided that the race will be between Mr. Buckman and Mr. Foster, which is probably satisfactory to both gentlemen.

Bro. Vassaly, of Little Falls, and Jimmy Bennett, of St. Cloud, are still shouting for Hearst but it is hardly expected they will be able to swing Minnesota into line even if their candidate for the presidency stays in the race until convention time.

The sheriff of Le Sueur county has an ugly charge standing against him, that of assaulting a young married lady. Although the matter has been referred to the county attorney he has taken no action and the citizens of that county will take the matter to Gov. Van Sant if no charges are made by the authorities.

Statisticians have estimated that it will cost \$80,000 for the Minnesota national guard to go to St. Louis this year instead of going into camp at Lakeview. This sum taken for the junket would deplete the funds of the guard to such an extent that there would nothing remaining to pay for camp expenses in 1905. There is a desire on the part of some of the militiamen to go to St. Louis, but the officers hold that the men would not gain anything in the way of instruction in drill and camp work and point out that the fund is more or less of an educational one in the line of schooling soldiers. The matter will be left to Governor Van Sant and will be decided on the return of the executive from Iowa.

## MUSIC AND DRAMA.

## RUSSO-JAP WAR.

The London Bioscope company which gave an exhibition of moving pictures at the opera house last evening, and which will put on a new and even better entertainment this evening, entertained the audience present in a most satisfactory manner. The pictures are the most reliable of the kind ever shown in Crookston, and are worthy of a crowded house. The racing and coasting scenes were excellent and the comic views convulsed the audience which applauded vigorously at the close of every change. Some entertaining specialties were also put on.—Crookston Times April 15.

The Crookston Journal of April 17, says:—The audience at the opera house last evening, although larger than either of the previous nights, was not what the company deserved. This was one of the best productions of its kind that ever visited Crookston and should have been better attended.

The London Bioscope Co., will bring their wonderful machine to the Brainerd opera house tonight, showing scenes of the Russo-Jap war etc. The prices are only 25 and 50 cents, seats now on sale at Dunn's drug store.

## COMIC OPERA AT POPULAR PRICES

"The Beggar Prince" Opera company will make its first appearance next Monday evening for a week's engagement. As this organization is consequently unknown to local patrons of the theatre Manager Deering has arranged that Brainerd ladies may have an opportunity of judging of its excellence for themselves. On Monday night every holder of a 50c ticket will be entitled to bring with him free of charge one lady. It is safe to say that the ladies who thus enjoy the courtesy of the management will be so pleased with the performance that they will witness many of the succeeding operas.

## PIANO QUARTETTE

The Piano Quartette of this city consisting of Mrs. W. A. M. Johnston, Miss Theresa Schultz, Miss Jennie Mysen and Miss Georgia Horn will give a concert in the First Congregational church, on a date between the 1st and 15th of May. The program will consist of duets for two pianos, eight hand selections and solos from the finest compositions of the world's most noted composers. Further announcement will be made giving date and program in detail.

## Card of Thanks

I wish to express thanks to the many friends and former associates who rendered assistance and were so kind to me in my late bereavement in the loss of my father, Henry Greener, Sr. I wish to especially thank the employees of the Parker & Topping foundry for their kindness in many ways.

HENRY GREENER JR.

The entertainment went off successfully and was well attended. After the school program, Will Tardy, of Brainerd, and Chas. Rhodes of Ft. Ripley, entertained the audience with some well selected songs and farces.

Scrofula, salt rheum, erysipelas and other distressing eruptive diseases yield quickly and permanently to the cleansing, purifying power of Burdock Blood Bitters.

"LET US HELP YOU TO HEALTH."

H. P. Dunn & Co. Want Every Catarrh Sufferer to Use Hyomei and Be Cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from catarrh in some form.

While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to discovery of Hyomei and its introduction in this section by H. P. Dunn & Co., every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasant of treatments. Put 20 drops of Hyomei in the pocket inhaler that comes with every outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote aid cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health restored.

H. P. Dunn & Co. say to all catarrh sufferers, "Let us help you to health, we are confident Hyomei will cure, so confident, in fact, that we guarantee to refund your money if it fails. A complete outfit costs but \$1, and if it does not help you, your money will be refunded promptly."

Barrington's Motion Denied. St. Louis, April 21.—In the Clayton circuit court Monday Judge McElhenny overruled the motion for a new trial for "Lord" F. Seymour Barrington, convicted of the murder of James P. McCann. The defense has four days in which to file an appeal.

The racing and coasting scenes were excellent and the comic views convulsed the audience which applauded vigorously at the close of every change. Some entertaining specialties were also put on.—Crookston Times April 15.

The Crookston Journal of April 17, says:—The audience at the opera house last evening, although larger than either of the previous nights, was not what the company deserved. This was one of the best productions of its kind that ever visited Crookston and should have been better attended.

The London Bioscope Co., will bring their wonderful machine to the Brainerd opera house tonight, showing scenes of the Russo-Jap war etc. The prices are only 25 and 50 cents, seats now on sale at Dunn's drug store.

### COMIC OPERA AT POPULAR PRICES

"The Beggar Prince" Opera company will make its first appearance next Monday evening for a week's engagement. As this organization is consequently unknown to local patrons of the theatre Manager Deering has arranged that Brainerd ladies may have an opportunity of judging of its excellence for themselves. On Monday night every holder of a 50c ticket will be entitled to bring with him free of charge one lady. It is safe to say that the ladies who thus enjoy the courtesy of the management will be so pleased with the performance that they will witness many of the succeeding operas.

### PIANO QUARTETTE

The Piano Quartette of this city consisting of Mrs. W. A. M. Johnston, Miss Theresa Schultz, Miss Jennie Mysen and Miss Georgia Horn will give a concert in the First Congregational church, on a date between the 1st and 15th of May. The program will consist of duets for two pianos, eight hand selections and solos from the finest compositions of the world's most noted composers. Further announcement will be made giving date and program in detail.

### Card of Thanks

I wish to express thanks to the many friends and former associates who rendered assistance and were so kind to me in my late bereavement in the loss of my father, Henry Greener, Sr. I wish to especially thank the employees of the Parker & Topping foundry for their kindness in many ways.

HENRY GREENER JR.

The entertainment went off successfully and was well attended. After the school program, Will Tardy, of Brainerd, and Chas. Rhodes of Ft. Ripley, entertained the audience with some well selected songs and farces.

### ONE WHO KNOWS.

Scrofula, salt rheum, erysipelas and other distressing eruptive diseases yield quickly and permanently to the cleansing, purifying power of Burdock Blood Bitters.

"LET US HELP YOU TO HEALTH"

H. P. Dunn & Co. Want Every Catarrh Sufferer to Use Hyomei and Be Cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from catarrh in some form.

While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to discovery of Hyomei and its introduction in this section by H. P. Dunn & Co., every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasant of treatments. Put 20 drops of Hyomei in the pocket inhaler that comes with every outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote aid cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health restored.

H. P. Dunn & Co. say to all catarrh sufferers, "Let us help you to health, we are confident Hyomei will cure, so confident, in fact, that we guarantee to refund your money if it fails. A complete outfit costs but \$1, and if it does not help you, your money will be refunded promptly."

Lumberman Accused of Trespassing on School Lands have been Arrested by Aitkin County Officials

John C. Patterson, of Aitkin county, is the first alleged timber trespasser to be arrested under the orders recently issued by State Auditor S. G. Iverson, who has undertaken a crusade against lumbermen who have been pilfering from the school lands. Auditor Iverson was notified yesterday by E. H. Krelwitz, county attorney of Aitkin county, that Patterson had been bound over to the grand jury on a charge of cutting 100,000 feet of logs from school lands. The logs were seized April 2, together with 100,000 feet of timber cut on other lands.

The seizure was made near Grand Rapids by Thomas Fitzgerald, a state cruiser. The entire lot will be sold by the state on April 28. Under the law trespassers are liable to have all logs, with which stolen timber is found, seized by the state, and on conviction are liable to a fine of \$1,000 or two years' imprisonment, or both. Patterson will be tried the first week in May.

### WATER FOR

Surveyors Said to be at Work Looking to Construction of a Conduit from Mille Lacs

### SURVEYORS ARRIVE FROM BELOW

And Are Now at Work in Vicinity of Mille Lacs Lake—Purity of Water There.

There has been some little agitation from time to time regarding the possible solution of a plan whereby Minneapolis and St. Paul may be supplied with water from Mille Lacs lake, and now that the water question has again become an important one, especially in Minneapolis, the presence of several surveyors on the ground would indicate that there is some foundation to the rumor that such a project is being seriously considered.

A few days ago four surveyors from the twin cities arrived on No. 5 and immediately proceeded to Mille Lacs lake. To a prominent business man in Brainerd one of the gentlemen was not at all reticent about stating what they were out for.

He stated that they would survey a line to Minneapolis for a proposed conduit to carry water from Mille Lacs lake. He stated that a nine-inch concrete conduit was being talked of. The project would be a mammoth undertaking and would cost a fabulous sum, but it is stated that the quality of the water at Mille Lacs lake would for all time settle the question of pure water in the twin cities.

## TOTAL LOSS IS HEAVY

**FIRE IN TORONTO DESTROYED PROPERTY WORTH TWELVE MILLION DOLLARS.**

**LITTLE DANGER OF A PANIC**

**ALL THE FIRMS BURNED OUT ARE SAID TO BE ON A SOUND FINANCIAL BASIS.**

Toronto, Ont., April 21.—The total loss by the fire which destroyed the wholesale district of Toronto will, according to the most conservative estimate, reach \$12,000,000; the total insurance is \$8,360,000.

The area swept by the fire embraces fourteen acres and from 5,000 to 10,000 persons are thrown out of employment. The work of tearing down the dangerous walls was begun Wednesday afternoon.

In the whole burnt district the only walls that appear to stand intact are those of the W. R. Brock & Co. building.

The city council has placed all public buildings and the exhibition grounds at the disposal of the fire sufferers; amended the fire regulations to allow of the erection of temporary structures and appointed a committee to wait on the legislature and secure an act ordering all wires underground.

Although the business interests of the city have been shaken to their foundations by the disaster, no time will be lost in beginning the work of reconstruction. A meeting of the bankers' association was held last night to discuss the situation. It was decided that there is no danger of a financial panic. The principal sufferers from the disaster are firms of high financial standing. Most of them are well covered by insurance, a large percentage of which will fall upon foreign concerns.

At a meeting of the Ontario legislature the premier and the leader of the opposition expressed sympathy with the fire sufferers and it was decided to place a sum of money in the supplementary estimates for the benefit of the firemen's fund.

The total number of buildings destroyed is 122, the number of firms affected is 222.

All the standing walls in the ruined district will be dynamited.

The smoldering ruins broke out into flames of considerable size Wednesday but there is no danger of a renewal of the conflagration.

Cable of a Cage Breaks and Occupants All Perish.

Mexico City, April 21.—A telegram has reached this city from Pachucan, capital of the state of Hidalgo, about 100 miles northeast of this city, stating that a mine disaster occurred there Wednesday in which twelve miners lost their lives. ## STORMY CONVENTION.

West Virginia Democrats Hold a Lively Session.

Charleston, W. Va., April 21.—The largest and the stormiest Democratic convention ever held in this state convened here Wednesday. Many Democrats took advantage of the occasion to vent their criticism upon others for their omissions and commissions of the past. Hats were shaken at each other and Hon. Warren Hays, who was selected as a district delegate and who is a supporter of W. R. Hearst for the presidency, scored ex-Senator J. N. Camden as a bolter in the past, and with emphasis gave the lie to a delegate who an hour previous had been selected as an alternate to St. Louis, because the alternate had branded Hays in open convention as a greenbacker. The alternate, Colonel McCoy of Tyler county, responded in stentorian tones that Mr. Hays was a liar.

Senator Camden and the reorganizers were otherwise fiercely attacked by "regulars," but he had many warm supporters, many of whom were Bryan Democrats, who came to his aid at the proper time. And yet, notwithstanding the stormy scenes, the convention wound up in perfect harmony and amid enthusiasm.

The four delegates at large and all the district delegates except the two from the Fourth district are for Gorman for president first, and Parker next. The delegates from the Fourth district are for Hearst.

**SUPPORTERS OF W. R. HEARST.**

Granted Some Concessions by Democrats of Massachusetts.

Boston, April 21.—A spirit of concession to the supporters of W. R. Hearst was manifest at last night's meeting of the Democratic state committee called to perfect arrangements for today's state convention at which delegates at large and alternates to the national convention will be chosen. The friends of Richard Olney claimed, however, that the convention would advocate Mr. Olney's nomination for the presidency by selecting delegates pledged for him.

The Hearst men, headed by George Fred Williams, won what they considered an important concession from the state committee when that body voted against the embodiment of the unit rule in the call for the convention.

Two Hearst supporters are on all committees and two Hearst delegates were granted credentials from Chelsea where Olney delegates had been selected.

## IS TOO WIDE IN SCOPE

**OBJECTIONS MADE TO AN AMENDMENT OF THE GENERAL DEFICIENCY BILL.**

Washington, April 21.—The general deficiency appropriation bill as reported to the senate Wednesday contains as an amendment the Hitt Chinese exclusion bill which was accepted by the house before the bill was passed. The Hitt bill was introduced in the senate by Mr. Penrose and referred to the committee on foreign relations. In this committee the discovery, it is said, has been made that the bill will affect the introduction of Chinese coolie labor into the Panama canal zone and to a considerable extent affect the immigration to this country of Koreans and Filipinos, and the deportation from the United States, Hawaii, Porto Rico and any territory "subject to the jurisdiction of the United States" of any person held to come within the definition of the words "Chinese person," and objection has been made to the far-reaching effect of the bill.

It was suggested that the bill might be of wider scope than was at first thought, and the committee concluded that no action would be taken on the Penrose bill in view of the fact that the Hitt amendment was reported in the deficiency bill, but that the matter might be discussed in the open senate. It is understood an attempt will be made to amend the measure before the deficiency bill passes the senate.
